Moody Recalls University Question Bill

LITTLE ROCK (AP)—While County Rep. J. H. Moody today withdrew a controversial resolution calling on University of Arkansas officials to answer a series of questions.

Moody made the move after the House cheered the first speaker opposing the resolution.

He said he would introduce a new resolution asking the speaker to appoint a seven-member committee to investigate the questions set out in his first resolution.

The resolution asked the university to answer these questions:

1. Why are 5,000 employees, including professors, needed for 3,300 students at the school?
2. Were Negro and white students, male and female, housed in the same dormitory on the university campus during the last two summer terms?
3. What action has been taken in connection with an alleged incident of four University of Arkansas professors attending an in-

Eldridge Soon to Leave for Texas Home

LITTLE ROCK (AP)—Herbert Eldridge, former director of the Arkansas Highway Department, plans to return to his old home in Austin, Tex., later this month.

Eldridge, who resigned Jan. 15, reportedly after pressure was brought to bear on the Highway Commission to get rid of him—and his wife have rented a home during the five and a half years they have been in Little Rock.

The former director became head of the Highway Department in May 1953, after the Mack-Bellwell Amendment which created a "non-political" Highway Commission went into effect. He has been acting as an advisor since quitting.

Regarding his resignation, Eldridge said yesterday:

"They've kept me with my hat on ever since I've been here. Asked who they were he replied:

"I guess it would have to mean certain members of the legislature, because they've been on me ever since I've been here. They said they'd get me and they said."

Some lawmakers, at least last session of the Legislative Council, complained about Eldridge and one said then the legislature.

Eldridge worked in Austin for 25 of the 33 years he put in with the Texas Highway Department before coming to Arkansas. He said he could not return there because he had retired.

"I didn't come here to hold a job, he said. 'I came here to do one. So I'll go now, I bear no ill will toward anyone."

Survey Shows Majority Want Desegregation

By JOHN R. STARR

LITTLE ROCK (AP)—A majority of Little Rock Negroes, even those who are not members of the National Assn. for the Advancement of Colored People, favor racial desegregation of public schools, according to results of a survey by the Interfacial Emergency Committee.

But, while the report says rank and file Negroes are willing to compromise on means to achieve integration, NAACP members are militantly opposed to any move to change a plan of integration which has been approved by the federal courts. Negro teachers, on the other hand, favor retention of separate schools.

James T. Karam, Little Rock chapter secretary of the inter-racial committee, today released statistics on the survey, which he said was conducted by 100 Negro members of the committee.

Of 316 non-NAACP members questioned, 175 said they favored integration while 131 were voted. Forty-six NAACP members voted unanimously for integration and 41 of them said they would not accept any plan except the one under which nine Negroes were admitted to Central High School in 1957-58.

Of the non-NAACP group, only 100 favored the old plan while 101 said they would support a compromise plan resolved by the inter-racial committee, the report said.

Negro teachers voted 43-3 against integration and only two of the 51 quizzed saw any hope for the old plan, which was affected by the former Little Rock School

Woman Shot to Death in a N. Y. Office

NEW YORK (AP)—Two women were shot dead in a textile firm office today by a man who had been fired by the firm half an hour earlier, police reported.

The man, wearing a rifle, was grabbed and disarmed by three men. Police identified him as Ronal Johnson, 27, a Negro, of the Bronx.

The victims were Lorraine Rosenberg, the Bronx, and Elaine Falk, of Brooklyn, clerical workers. Both were described as in their 20s.

Police gave this story:

Johnson had been discharged shortly before 10 a.m. by the Marvin Fabrics Co., 96 Madison Ave., for "unsatisfactory service."

He returned at 10:25 a.m., carrying a rifle. He cornered the two women and some men employees in their cubicles facing a lobby entrance.

"He started blaming 'everybody' for his discharge and began blasting away with the rifle. The man fired three times. One shot hit Miss Rosenberg, another struck Miss Falk and the third went wild.

The three men rushed at him, knocked the rifle from his hands and held him until police arrived. The rifle still contained two cartridges.

The accident was described as rare by officers of Airship Squadron 2 at Glyco, which was ferrying the blimp and another to the Lakewood Naval Air Station.

The officers said the blimp was in radio contact with the other, separated by only some five miles, but gave no word of any trouble.

This led to the belief the blimp was flying at cruising speed and went directly to the ground, a mishap almost unheard of in that type of craft.

Ruptured gasoline tanks caused the fire.

Names of the dead—two officers and two enlisted men—will be released after next of kin have been notified.

The injured were listed as Lt. Linford May, Oswego, Ore.; Roy Lyon, Ferndale, Mich.; and Orville L. More, McAllister, Okla. The latter two are enlisted men.

Heart Sunday Scheduled for February 22

A volunteer army to conduct the Heart Sunday door-to-door collection in Hope, February 22, is forming ranks today. It was announced by Mrs. J. M. Martindale and Mrs. John Brannan, co-chairmen of the drive.

The Heart Sunday drive enable all residents of the area to invest in the American Heart Association's campaign against the heart and blood vessel diseases. Heart Sunday is one of the major events in the Hempstead County drive.

Fourteen captains will direct volunteer groups in collections to be made door-to-door from 1:30 p. m. to 4:30 p. m. The following are serving as Captains:

Mrs. Floyd Leverette, Mrs. Homer Jones, Mrs. George Robinson, Mrs. Fred McElroy, Mrs. E. P. Young, Mrs. Henry Seamon, Mrs. Wayne Russell, Mrs. Fred Clinton, Mrs. Dick Moore and Mrs. Steve Bader. Mrs. Charles Conway and Mrs. Grigsby are in charge of the Negro collections. Frank McLarty, Luther Holloman and Dr. Harold Brents are in charge of the cuisine and industrial collections.

Edgar Morrow Dies at Benton

Edgar Morrow, a former resident of this area, died yesterday at Benton. Survivors include three sisters, Mrs. Lorraine Conington and Mrs. Mary Padgett of Baton Rouge, La., and Mrs. Eunice Thompson of Nashville. Services will be held at 10 a. m. Wednesday at Herndon-Cornelius Chapel with burial in Rose Hill Cemetery.

House Votes to Make Unions Liable in Suits

LITTLE ROCK (AP)—The Arkansas House today passed a bill which makes labor unions liable to lawsuits.

Previously, union officials could be sued as individuals but union could not be sued as entities.

Proponents of the bill range in the race issue.

Prairie Rep. John P. Bethell, floor leader for the measure and national unions dominated the labor movement in Arkansas and had worked against industry's trend to move South.

Bethell said that Walter B. Rutherford, president of the United Auto Workers, is a member of the National Assn. for the Advancement of Colored People and that organized labor had contributed heavily to the NAACP.

Bethell accused the NAACP of stirring racial unrest in Arkansas to discourage northern industries from moving South because "We can't even get along among ourselves."

Hot Spring Rep. Dewey Stiles said the bill was introduced only to harass labor and that such a measure was not needed.

"We have a good record of management-labor relations," Stiles said. "We want to keep it that way."

Lafayette Rep. Mattie Hackett said passage of the bill would create bitter and resentful feelings between management and labor. She said she opposed the bill because it singled out labor organizations but did not include others which have enjoyed the same privileges in the past. The state BVAR Assn., Medical Assn., Teachers Assn., and other such groups are unions even if they do not bear the name, she said.

Sebastian Rep. John Boatright said the bill would create a rift between union and management and would block out smaller unions.

Boatright said unions did not support his campaign, but he felt that the had made a good contribution.

Ashley Rep. N. B. Murphy said the measure "looks like an NAACP bill to me. Are we taking out after labor in the same manner we have taken out after the NAACP?"

U.S. Vanguard Rocket Sends a 'Weather Eye' Satellite Into Orbit

WASHINGTON (AP)—A voyaging witness told a Senate committee today a grisly story of a beating at the hands of Brooklyn, N.Y., musclemen.

Sidney Saul, identified only as a Brooklyn salesman, swore three hoodlums beat his face, cut off his hair, and poured coffee down his throat to revive him.

They did not let up, Saul said, until he agreed to sign over to them three-fourths of his holdings in a jukebox coin-machine enterprise.

Saul said he has lived under constant police protection since the beating on Dec. 19, 1957, at a Brooklyn restaurant he named the Wagon Wheels.

He said three men, one of them a once-convicted murderer, are awaiting trial in Brooklyn for the assault. He said they are Ernest (Bennie Kippy) Pileomo, Charles (Pammy) and Anthony (Dutch) Tuzio.

Tears rolled down Saul's cheeks as he told of being trapped in the combination candy store and restaurant. Customers, he said, seemed to pay no attention as he begged his assailants to stop.

The special Senate Labor-Management Committee, headed by Sen. John F. McClellan (D-Ark.), is starting its second week of hearings on allegations that gangsters and corrupt labor union officials plotted to control the lucrative jukebox and coin operated machine industry from coast to coast.

CC Official Wants Some Seed Too

LITTLE ROCK (AP)—"Dear Sir, began a letter received by the Little Rock Chamber of Commerce. 'I am looking for some seed known as Calif. Bear Seed that are (sic) used for making a drink. The way they operate you take the seed and add water and the seed go to work when the weather is warm and in four hours you have a nice drink. And they keep repeating this process and the seed is always active and multiplying."

"I used to own the seed myself, back in 1920. At that time I lived in Okla. (sq. I have tried the Chambers of Commerce in Okla. City, the U.S.D.A. (department of Agriculture in Sacramento, Calif. and the U.S.D.A. in Washington, D.C., with no results."

The writer, from California, signed off "hoping to hear from you."

Ernie Wilkerson, a Chamber official, replied:

"I have been unable to locate any of the Calif. Bear Seed, nor can I find anybody who knows anything about them."

He added:

"However if you succeeded in locating some of these remarkable seeds I would greatly appreciate your writing me so that I can get some too."

Bureau Asks Countywide Vote on Judge

Representatives of the Hempstead County Fair Bureau requested Hope's Board of Directors last night to approve a proposal calling for a countywide vote on the municipal judgeship.

At the present time the municipal judge is elected by City of Hope voters. N. B. Coleman, Charles Key of the Bureau and Judge U. G. Garrett representing the Quorum Court pointed out that the county shared the cost of municipal court and that voters throughout the county should have the right to vote on a judge. The city took no action.

The group, at the request of local merchants, agreed to permit free parking all day Saturday, Feb. 21, during the Washington's Birthday sale event.

They also decided to help out on uniforms for Auxiliary Policemen. Under the setup the city pays half and the Civil Defense half.

A warning was issued that the city's dog ordinance will be enforced. All dogs not wearing a tag will have to be kept up or be shot.

21-Lb. Sphere to Report on World Weather

WASHINGTON (AP)—The United States today cast a "weather eye" satellite into orbit.

The 21 1/2-pound sphere, housing instruments capable of reporting the earth's cloud cover, was flung into space with a redesigned model of the often-disappointing Vanguard rocket.

The three-stage rocket soared away from Cape Canaveral, Fla., at 10:55 a.m. EST.

The National Aeronautics Administration announced here about 2 hours and 20 minutes later that the satellite was in orbit.

The basketball-size new instrument marks the opening step in a program, of using satellites as aids in improving short-range and long-range weather forecasting.

Such satellites are expected to open a new era in meteorology and may also provide new and important aid in the quest actually to control the weather.

The official name given to the new satellite is Vanguard-TS-1. It is the sixth put up by the United States.

When announcing the new satellite was in orbit, a NASA spokesman said it had been tracked already by the tracking station at San Diego, Calif.

Presumably, the 60-pound shell of the third stage of the rocket is also in orbit.

The Army Signal Corps Research and Development Laboratory at Ft. Monmouth, N.J., reported that it picked up a strong signal from the satellite on 100 megacycles at 10:55 a.m.

The payload was a shiny 2 1/2-pound sphere housing delicate instruments designed to report on the world's weather.

The slender rocket blasted skyward at 10:55 a.m. EST.

An announcement was expected from Washington in from two to three hours on whether this effort to put a sixth U.S. satellite on course had been a success.

Spurring a glowing trail of orange flame, the missile climbed steadily for some 10 seconds after the launching before knitting through a blanket of gray storm clouds.

The missile's behavior appeared to be perfect during the brief time that it was in sight.

It had begun to rain lightly just before blast time, but this did not affect the launching.

If all went well, the first-stage rocket would burn out at an altitude of 38 miles 2 1/2 minutes after launch.

The second stage—the guiding "brain" of Vanguard—then was to go into full action for a full two minutes boosting the payloads.

More Cold Is Predicted for Arkansas

By THE ASSOCIATED PRESS

A new cold snap is in prospect for Arkansas.

Weatherman said a cold front will sweep into the state from the northwest late today, bringing chilly temperatures.

The forecast calls for low readings in the mid to high 30s northwest Arkansas tonight, with temperatures in the mid to high 30s in the northeast and only slightly in southwest Arkansas.

Central and southeast Arkansas will fare a little better. Lows in those sections tonight are expected to range from the upper 30s to high 40s.

Partly cloudy skies are forecast through tomorrow.

The U.S. Weather Bureau at Little Rock says the new cold spell is not expected to result in another drastic taste of wintry weather.

Weather observers predicted warm readings this afternoon in advance of the oncoming mass of cold air. Highs were expected to vary from the mid 60s to the low 70s.

The state enjoyed warm lows early today, with Mountain Home registering the bottom temperature of 40 degrees. Other lows ranged through the 40s and up to 50 at El Dorado and Fayetteville.

Only slight precipitation, confined to northeast Arkansas, was reported yesterday.

Says Soviet Subs Could Cripple U. S.

ROCHESTER, N.Y. (AP)—Rear Adm. John S. Thach, key officer in U.S. antisubmarine defense, said today a dozen Soviet submarines, packing intermediate-range missiles, "could wipe out 70 per cent of our economy in one surprise blow."

Thach did not say, in an address prepared for an antisubmarine conference, whether the Soviets have missile-firing submarines. Moscow has announced development of a 700-mile missile to be launched from submarines.

"Not one single square inch of the United States is more than 1,500 miles from submarineable waters—and 1,500 miles is just medium range for today's missiles. Most of our population sits at point-blank range, with only minutes early warning," Thach said.

Thach said the United States needs some sort of undersea early warning radar that can make the oceans as transparent as the air.

Thach dedicated new acoustic test tank for basic research in sonar, a system of detecting objects under water by reflected sound. The tank was built at the Stromberg-Carlson plant of General Dynamics Corp.

30-Day Period to Be Below Average

WASHINGTON (AP)—The Weather Bureau said Monday its 30-day outlook for mid-February to mid-March calls for temperatures to average below seasonal normals over the northern third of the nation east of the Continental Divide.

The bureau added:

"Above normal temperatures are predicted over the southern third of the country and also for the entire area west of the divide. In areas not specified, near normal averages with large temperature fluctuations are in prospect."

"Precipitation over the eastern two-thirds of the nation is expected to be subnormal over the South and also over the northern tier of states. Amounts exceeding normal are expected in West Coast states. In unspecified areas, near normal precipitation is indicated."

Weather

Experiment Station report for 24 hours ending at 7 a. m. Tuesday, High 64, Low 37. No precipitation. Total 1959 precipitation through January, 2.17 inches; during the same period a year ago, 4.75 inches.

ARKANSAS REGIONAL FORECAST

By THE ASSOCIATED PRESS

Central and southeast Arkansas: Partly cloudy this afternoon, tonight and Wednesday, warmer this afternoon, colder Wednesday. High this afternoon, low 70s; low tonight, high 30s to low 40s central, mid to high 40s southeast.

Northeast, northwest and southwest Arkansas: Partly cloudy; this afternoon, tonight and tomorrow, warmer this afternoon, colder tonight. High this afternoon, near 70. Low tonight, mid to high 30s northwest, low 70s southwest; low tonight, mid to high 30s northeast, mid 20s to mid 30s northwest, high 30s to low 40s southwest.

Club Women Prepare for Pancake Feed

Realizing the importance of a good Scouting program, the Daffodil Garden Club is sponsoring its annual pancake supper on Friday night for the benefit of the proposed Boy Scout Center.

The supper will be held at the high school cafeteria from 5:30 to 8 p.m. and tickets are 75c for adults and 35c for children.

The following committees were appointed to make all arrangements. General planning: Mrs. Dale Dunn, Mrs. Crit Stuart Jr., Mrs. Bill Rounton, Mrs. Wayne Russell; Ticket Committee: Mrs. George Frazier, Mrs. Jud May, Mrs. Jewell Moore Jr.; Poster committee: Mrs. Lloyd Guerin, Mrs. Homer Jones; Decoration: Mrs. Gordon Bayless, Mrs. Don Westbrook; Publicity: Mrs. E. P. Young Jr., Mrs. Duffie Booth and Mrs. Bill Rounton.

LITTLE LIZ

Court Won't Rule in Lease Agreement

LITTLE ROCK (AP) — The Arkansas Supreme Court declined today to interfere with a lease agreement between the operator of a Little Rock clothing store and the owner of the property.

Tommy Karam, operator of Tommy's Men's Store, opened his business early in 1956 after leasing the five-story building from W.A. Stern, who then owned the structure.

The lease was to run for five years, with option for renewal for an additional five years. Karam also had an option to buy the property.

Less than a year later, Stern sold the property to Paul Meers, subject to Karam's lease. Later Meers brought suit to force Karam to give up his leasehold interest in the building.

Meers charged that Karam had violated the lease agreement by remodeling part of the building without the owner's permission and by other alleged actions.

Karam is a brother of James T. Karam, who operates another clothing store here.

The Supreme Court said the tenant had obtained written permission from Stern before beginning remodeling.

terrace meeting at which the meeting was discussed.

Does the University Medical Center employ a person who has served a prison term for draft evasion?

Did a university professor appear on an integrated panel at Aldersgate near Little Rock, after it was announced the meet would not be reported by the press?

What steps has the university taken to follow a state law requiring the filing of lists of organizations with which school personnel have been affiliated during the past five years?

Moody spoke for six minutes in support of his resolution.

He denied that it was introduced in an attempt to smear the university. "You can't smear a good organization by picking a few rotten apples from the barrel," he said.

"If these things are going on in this house and the people are entitled to know it," he said.

He continued: "If you allow leftwingers to infiltrate your organizations, you have started something you may not be able to stop."

Union Rep. Chadd Durrett spoke about three minutes against the resolution.

There ought to be some other method of raising our dirty linen if these things are true," Durrett said.

"This will be little more than a show. You can't ruin a person's character without hitting him."

Durrett said he would support an investigation of Moody's allegations by a small committee. It was after Durrett spoke, and was applauded, that Moody withdrew his original resolution.

Moody said he would introduce a resolution tomorrow asking that an investigating committee be appointed.

In other action, the House passed a resolution asking the Secretary of the state Racing Commission to give representatives 20 passes to horse races instead of eight. Senators may receive 20 passes.

Approved another resolution calling for immediate adjournment of any public hearing where proponents or opponents of a legislative measure degenerate it into a spectacle in which the com-

Cub Scout Den 8 Meets

On Wednesday afternoon Cub Scout Den 8 met in the home of Don Mother Mrs. Bill Beck for the regular meeting.

The meeting was opened with prayer by the den chief, James Ellis. Stewart after which refreshments were served by David Pry.

The Cubs each brought vegetables and made a pot of stew for their home training. Valentines were exchanged and the den chief discussed the laws of scouting and their meaning. The meeting closed with the den yell.

Others present were Gary and Jerry Beck, Mike Garner, Johnny Redfern and Billy Ray Hines.

Brownie Troop 3
Has Meeting

The regular meeting of Brownie Troop 3 was held on Wednesday afternoon in the home of the leader, Mrs. Anchie Johnson.

The Brownies, Marita Jane Bemis, Pam Fore, Kathy Reeves, Joan Bratton, Phoebe Johnson, Maryvona Cunningham, Anna Graden, Mary Jane Erskine and Sara Purdie were served, candy and cold drinks preceding the meeting.

Following the business session the girls worked on their project of making house shoes.

Brownie Troop 4
Has Meeting

Brownie Troop 4 met in the home of the leader, Mrs. D. L. McRae Jr., on Wednesday afternoon with Mrs. C. B. Vandiver assisting.

The president, Kay Ferguson, presided and the meeting was opened with the pledge of allegiance and the Brownie Promise. The Brownies made Valentine felt paper pins.

Refreshments in the Valentine motif were served to Brownie Ellen McRae, Ellen Gordon, Ann Vandiver, Kay Ferguson, Barbara Wilson, Beth Lambert, Betty Woodell, Kathy Bratton and Ann Bolton.

Mrs. Frank Gilbert and Mrs. O. G. Hirst spent a part of last week in Jonesboro as the guests of Mr. and Mrs. Bob Sloan and Melissa.

Mrs. Tom Bemis has returned from Shreveport, La. where she visited in the home of Mr. and Mrs. Allan Johnson.

Mr. and Mrs. Jim Nelson have had as their guest, Mrs. Ed Hoke of Arkadelphia.

Mrs. Frank Tuberville is the guest of Miss Maud Braswell in Baytown, Texas.

Mrs. R. P. Conkling has returned from Little Rock, where she was the house guest of Mr. and Mrs. J. M. McFarlane.

Miss Virginia Sue Purdie, daughter of Mr. and Mrs. Homer Purdie has been elected president of the Home Economics Club at Southern State College and Miss Sarah Dewoody, daughter of Mr. and Mrs. Brad Dewoody, has been elected secretary-treasurer.

IN AND OUTER
DECATUR, Ill. (AP) — Decatur Township assistant supervisor A. Webber Borchert voted against establishment of a City of Decatur Township.

He had his reasons. "I own property both inside and outside the city," Borchers said. "I don't want my inside property telling my outside property what to do."

mittie is used as a forum for the amusement and entertainment of spectators.

"This resolution resulted from a public hearing last week at which former Atty. Gen. Tom Genry was accused of making derogatory remarks about Pulaski Chancellor Guy E. Williams."

Received a bill by Pulaski Rep. T. E. Tyler to repeal the Milum Act of 1957. The bill would require return to the various counties of more than 900 miles of county roads which the Milum Act added to the state highway system.

Feels Dulles Should Stay as Secretary

WASHINGTON (AP) — President Eisenhower was reported today to feel that John Foster Dulles should stay on as secretary of state as long as he feels able to carry on and wants to do so.

Rep. Charles A. Halleck of Indiana, Republican chief in the house, told newsmen about the President's view.

He said the matter of Dulles' condition was discussed briefly at the President's regular weekly meeting with GOP congressional leaders. Dulles is in Walter Reed Army Medical Center, suffering from a recurrence of cancer.

In response to a question, Halleck said at first there will be no firm determination for several days as to whether Dulles will be able to continue in the top State Department post. A moment later, after a whispered conversation with White House press secretary James C. Hagerty, Halleck amended that to a few weeks.

Halleck said that Eisenhower personally feels that so long as Dulles is able and wants to carry on, the President of the United States will avail himself of his services.

Responding to other questions, Halleck said he was talking about Dulles staying on as secretary of state rather than in some advisory capacity.

But Halleck added that Dulles, so long as his condition permits, would be just as valuable as an adviser as he would be as secretary.

Keeping Dulles on the job would fit in with an apparently developing move to shift a foreign ministers meeting on the German problem from Paris to Washington.

Earlier tentative plans had been to hold the Paris session next month. Now the talks are about holding it here about April 1.

A major factor in such a shift would be to permit Dulles to take part, if he is able, without a long journey.

of Minniejean Brown, one of the nine Negro children who attended Central High under federal troop protection last year.

The witnesses yesterday were: George King, 32, and Bud Davis, 53, Negroes; King testified that Isaacs had told him he was going to kill Brown and Davis said the victim had a pistol out when he was shot.

Holt tried to impeach their testimony but was unsuccessful.

speed to 9,000 miles per hour. After a coasting flight, the third stage would ignite pushing the satellite to the velocity needed for orbit.

The missiles weight at lift-off was 22,600 pounds; but 80 per cent of the load was fuel.

The satellite contains two light-sensitive photoelectric cells designed to spot the earth's cloud cover as the tiny moon speeds through its orbital path. Scientists hope to fashion a crude weather map from the flight log, radiated back from a tape recorder.

Ultimately that data could help weathermen spot violent storms building up anywhere around the earth.

The 72 foot Vanguard rocket had been a 100-million-dollar flop in six out of seven previous tries. The last was made five months ago.

The National Aeronautics and Space Administration, which took over Project Vanguard last fall, has gone over the three-stage missile part by part in search for the mechanical bugs which caused the previous failures. Minor alterations were introduced but their nature was not revealed.

The mission today was the same as last Sept. 28 when the satellite burned up over central Africa after making one uncertain sweep around the globe.

The United States still has three satellites up in the company of the Soviet Union's massive Sputnik III.

Minniejean's Father to Trial for Murder

LITTLE ROCK (AP) — The murder trial of Willie Bob Brown, 58, father of one of nine Negro students who integrated Central High School here last year, will go into its second day here today.

Two prosecution witnesses yesterday drew the ire of Prosecutor J. Frank Holt when their testimony tended to reflect against the victim.

Brown is charged with the shooting of Elmer Isaac, 68, a Negro, outside the Elks Club on June 22, 1955. The defendant is the father

Couple Married Aboard Airplane

HONOLULU (AP) — Mr. and Mrs. Lynn Willis landed today after a brief marriage in an airplane over the Pacific half way between San Francisco and Hawaii.

Both are professional singers. They met in an airplane on a similar flight to Honolulu last year.

Their honeymoon trip is the gift of an airline, a Hawaiian hotel and Los Angeles stores.

Willis and the former Regina Douglas, each 28, were still wearing formal wedding clothes when the plane landed.

The ceremony was performed by Superior Court Judge Alfred Gilson of Los Angeles.

The couple held an airborne reception after the ceremony in the lounge of the plane.

They were met by his parents, Mr. and Mrs. Mac Willis of Sherman Oaks, Calif., who were celebrating their 35th wedding anniversary.

The bride is a naturalized U.S. citizen from Germany. Willis' home is at Great Neck, Long Island, N.Y.

Rejects Idea of U. S. Financial Aid

MOSCOW (AP) — Soviet Foreign Trade Minister Nikolai S. Patolichev today rejected any suggestion that the Kremlin expects the United States to help finance the Soviet seven-year plan.

He was commenting on a speech by Douglas Dillon, U.S. undersecretary of state for economic affairs, in New Orleans last 27.

Dillon said that Soviet Premier Anastas I. Mikoyan, while calling for increased trade with the United States, had said that the United States should "underwrite" such trade with a long-term credit. Dillon said this was ridiculous when Soviet Premier Nikita Khrushchev's government was using extensive credits in a trade drive in Asia, Africa and Latin America.

Patolichev said Dillon gave a false impression that Khrushchev

LOOK AT & LEARN ABOUT THE LARK BY STUDEBAKER

PEAK PERFORMANCE ON PIN MONEY

Once you scamper The Lark around town and see your gas gauge stand still, you'll know you've got your hands on the wheel of a real money-saver. And one with style, too—rich in interior appointments, harmoniously finished, upholstered in wonderful taste—so dapper, it's approved by Harper's Bazaar! And so easy to drive and park—because it's three feet shorter outside—with room for six inside. This is a whole new idea in cars—and one you're going to love from the first touch of your toe on the pedal. And beautifully engineered. Come on—

Fun drive the LARK today at

Calendar

Tuesday, Feb. 17
The Junior-Senior P.T.A. Game Night will be held Tuesday, Feb. 17, at 7:30 p.m. Tables for adults will be set up in the old gym and tables for students will be placed in the cafeteria. Tables will be furnished but bring your cards or game material. Door prizes as well as game prizes will be given.

Wesleyan Service Guild of First Methodist Church will meet Tuesday, Feb. 17 at 7:30 p.m. in the home of Mrs. Glencie Porter. The group will start the study of

Isalah. All members are asked to bring their world bank.

Jaycettes will meet on Tuesday, Feb. 17 at 7:30 p.m. in the home of Mrs. Jimmy Howell with Mrs. Bobby Joe Lee as co-hostess. Mrs. L. B. Tooley will be guest speaker.

Unit No. 12 of the American Legion Auxiliary will meet Tuesday, Feb. 17 at 7:30 p.m. at the home of Mrs. Glen Williams, 525 E. 2nd Street, with Mrs. Raymond Jones and Mrs. Victor Cobb as co-hostesses. "Americanism" will be the theme of the program presented by Mrs. Sam Strong.

Wednesday, Feb. 18
Gardenia Garden Club will meet Wednesday, Feb. 18 at 2 p.m. at the home of Mrs. Lyle McMahan, 315 Oakhaven, with Mrs. John Pierce as co-hostess.

There will be a Parents Educational Meeting in the music room of Paisley School Wednesday, Feb. 18 at 2:30 p.m. All parents are urged to attend.

The Lilac Garden Club will meet Wednesday, Feb. 18 at 3 p.m. in the home of Miss Mable Eldridge. The program will be brought by Mrs. Herbert Stephens of Elvins.

Thursday, Feb. 19
Hope Chapter 328, OES will hold their regular meeting Thursday, Feb. 19 at 7:30 p.m. at the Masonic Temple.

The Patmos P.T.A. will hold its Founders Day meeting Thursday, Feb. 19 at 7 p.m. in the school auditorium. An interesting program has been planned. There will be a social hour following. All friends and members are urged to attend.

Friday, February 20
The Daffodil Garden Club will have its annual pancake supper Friday, Feb. 20 from 5:30 until 8 p.m. at the high school cafeteria. All proceeds will go toward building a Boy Scout Cabin. Tickets are 35 and 75 cents.

Music Makers Meet
With Miss Ann Cole
At the February meeting of the Music Makers at the home of Ann Cole, a program of American Music was presented with Suzanne Somerville as leader. After a brief talk on some of the kinds of American music and some of our outstanding composers, the choral group sang several numbers. These included "Narcissus" by Nevin, "Ain't Sweet Mystery of Life" by Herbert, and "Younger

Phon Springtime" and "Some Enchanted Evening" by Rodgers. Georgeanna Lowe sang "Smoke Gets in Your Eyes" by Jerome Kern, and the group sang "The Arkansas Traveler" as an example of a folk song as well as "The Ballad of the Trees" and "The Master" composed by Mrs. B. C. Hyatt, the club sponsor.

This program will be submitted as an entry in the National Federation of Music Clubs' Parade of American Music. In conclusion Mrs. Jim Cole assisted her daughter in serving a delicious ice course to those present.

Miss Audrey Sue Bright To
Marry Cecil M. Bittle Jr.
Miss Audrey Sue Bright's engagement to Cecil M. Bittle Jr., son of Mr. and Mrs. Cecil M. Bittle, is announced by the father, George T. Bright.

The bride-elect is a graduate of Hope High School. Her fiancé is serving with the U. S. Navy, stationed in San Diego, Calif. The wedding is planned for June.

Sweetheart Banquet Held
At First Baptist Church
"Starlight Fantasy" was the theme of the Sweetheart Banquet held on February 13 at the First Baptist Church. Overhead decorations of silver stars on a background of black carried out the theme as did the table decorations of blue and white streamers, blue candles, white hollyhocks, and styrofoam stars.

Winston Duke and Tonna Taylor were crowned King and Queen of the formal banquet attended by about 70 young people, and Bill Osborn and Carolyn Barton were crowned Prince and Princess. Dr. John McClanahan performed the coronations, and Bill Blake was the Master of Ceremonies for the program which followed.

"How Great Thou Art" was sung by Tonna Taylor, Amy Sutton, Brenda Mitchell, and Barbara Caston, accompanied by Linda Thrash at the piano. A clever skit was enacted by Judy Beth Davis, Eddie King, Barry Spragins, and Dr. McClanahan.

The principal address of the evening was made by the Rev. John Harrison, pastor of the First Baptist Church at Nashville. He is a former football star at Ouachita Baptist College, and his message was of special interest to the group.

Everyone worked hard to make this annual Sweetheart Banquet a success, but special recognition should be given to Mrs. Ray Lawrence, chairman of the decoration committee; Mrs. Ben Owen, chairman of the food committee; and Mrs. Sarah Moses, over all chairman of plans for the banquet.

Two Memberships Presented
at P.T.A. Founders Day Program
Two life memberships in the P.T.A. were presented at the Founders Day Program on Feb. 12 at Hope High School. On behalf of the P.T.A. Council, Mrs. Ray Lawrence of Emmet presented a life membership to her mother, Mrs. Ben Owen, retiring Council President, and Mrs. B. C. Hyatt received a similar presentation from Mrs. George Wright, President of the Junior-Senior High School P. T. A.

Beautiful gladioli decorated the stage of the auditorium where the presentations were made and the program was presented by Mrs. Tully Wyckoff of Memphis brought a timely message on "The Future of the P. T. A." Following the program, a very pretty tea was held in the Home Economics Cottage. The members of the P. T. A. Council acted as hostesses. Those receiving the guests included Mrs. Ben Owen, Mrs. George Wright, Mrs. Coy Breeding, Mrs. Arch Wyllie, Mrs. Jack Gardner, Mrs. Jack Lowe, and Mrs. Frank King.

The theme of Valentine's Day was carried out in the decorations throughout the cottage. At points of interest were seen arrangements of white carnations, of red gladioli, and of japonica. The dining table, covered with a red linen cloth, held an arrangement of white carnations and white stock in milk glass. A lovely fruit arrangement was seen on the buffet.

Cranberry punch, cookies, nuts, and red and white heart shaped mints were prepared and served by Judy Rateliff, Mary Sanford, Valdene Tunnemaker, Judy McDowell, Patsy Mariner, Kay Burke, Nancy May, Linda Collier, and Fay Willis, under the supervision of Mrs. H. E. Hane-gan, home economics instructor.

Cranberry punch, cookies, nuts, and red and white heart shaped mints were prepared and served by Judy Rateliff, Mary Sanford, Valdene Tunnemaker, Judy McDowell, Patsy Mariner, Kay Burke, Nancy May, Linda Collier, and Fay Willis, under the supervision of Mrs. H. E. Hane-gan, home economics instructor.

Mr. and Mrs. Bill Morton and daughter, Julie Ann of Ft. Smith were the weekend guests of Misses Hazel and Bea Abram and of Mr. and Mrs. Joe Morton.

Mr. and Mrs. Harry Shiver, Mr. and Mrs. Clyde Sexton and Mrs. Sava Gibson attended the Sunday afternoon performance of Ringling Bros. Circus in Shreveport.

Among those from Hope attending the Ringling Bros. Circus in

Youths Attend Poultry, Egg Meet

KANSAS CITY, MO. — Three young Arkansas poultrymen and their chaperones get answers at the 6th Annual Junior Poultry and Egg Fact Finding Conference. Junior poultrymen attending the Conference are: left to right James Cummings, Rt. 3, Prescott, Hempstead County; Robert Horton, Rt. 3, Morrilton; and Morris Lee Wood, Florio. (Right) Chaperone, Lowell Lankford, Extension Poultryman, Little Rock, accompanied the group. The Junior three-day meet is jointly co-sponsored by the Institute of American Poultry Industries, Cooperative Extension Service, National Committee on Boys and Girls Club Work, and Vocational Agricultural Branch, Office of Education. Eighty delegates are representing 26 states at the Junior conference.

DOROTHY DIX

Watchdog Mother Holds an Apron-String Leash

Dear Dorothy Dix:
My 13 year old daughter entered high school last September and ever since she has been posing quite a problem. She has always been a very docile, quiet, obedient child, but when she changed to high school she became very independent. Although I expect her home directly from school, she often stays out until almost 4 o'clock, watching basketball practice, having a soda, or anything to kill time. I've always watched her carefully, but how can I do it now when I don't even know where she is half the time? T. F.

Dear Lady: A 13 year old high school girl doesn't need a watchdog, rather she needs a guide, a seeing dog. The problem that faces you is "How much liberty and how much restraint?" — a question that plagues almost every mother. No absolute solution can be given, either as too many factors enter into the question. You definitely must accept the fact that your child is growing up, that she's intelligent, that high school does offer many extra-curricular activities in which she should participate and that the time has come for some apron-string cutting. A high school girl doesn't want to be babied, does want to make some decisions on her own and is entitled to a reasonable amount of liberty. Trust her, put your faith in God and your own example, and you two will develop a beautiful mother-child relationship untangled by a jailer-prisoner complex. I have compiled a list of books on "Dealing With The Adolescent," which you may have for a stamped self-addressed envelope. You will find these recommendations fruitful and interesting reading.

Shreveport, Sunday afternoon were the J. W. Franks family and the Henry Seamons family.

Mr. and Mrs. Buford Poe and children, John and Rebecca Ann, of Ft. Smith spent the weekend with her parents, Mr. and Mrs. R. N. Mouser.

Mr. and Mrs. J. M. May of Washington left for Albuquerque, N. M., on Tuesday. There they will visit Mr. and Mrs. J. M. May Jr. and will meet their new grandson.

Miss Judy Watkins and Zed Aydelott, both of Memphis, visited Mr. and Mrs. Dick Watkins this past weekend.

The Rev. and Mrs. Rufus P. Sorrells left Tuesday for St. Louis where Mr. Sorrells will be a patient in Barnes Hospital.

City Manager Did Right, Judge Says

LITTLE ROCK (AP) — Traffic Judge Robert Laster indicated today that City Manager Dean Dauley was correct in telling patrolmen to ignore cards the judge issued to jurors to keep them from getting overtime parking tickets.

Laster asked Police Chief Gen. Smith last week to honor immunity cards the judge gave to jurors and court witnesses.

The windshield cards were to permit overtime parking in the vicinity of the Pulaski County Courthouse.

But Dauley ordered patrolmen to ignore the cards, saying Laster could dismiss any parking violations when the offenders came before him. If he wanted them exempted.

Then Laster told Smith that officers who ignored the cards would be subject to arrest by warrant of his court.

Today, Smith received a letter from Laster which said in part: "As far as honoring these cards with reference to grand and petit jurors... I have notified all jurors now on duty in the county of Dauley's action in the matter and I suggest that you follow his directive."

Smith said officers have been instructed to continue issuing tickets to all cars parked illegally.

No Highway Deaths During Past Week

By THE ASSOCIATED PRESS
No highway fatalities were reported in Arkansas last week. Four persons died in other mishaps.

At Texarkana, two persons were killed by fire Wednesday.

A woman died of the effects of carbon monoxide poisoning at El Dorado Thursday and a man was crushed by heavy equipment at Rogers.

The blank highway fatality record bore out a report just released by the State Police, rating February as one of the safer driving months.

Judge Declares Negro Can Get Fair Trial

LITTLE ROCK (AP) — The fact that a Negro man charged with murder is the father of one of the "Central High Nine" will not prevent him from getting a fair trial in Pulaski County Circuit Judge William J. Kirby ruled today.

Kirby rejected a defense motion to transfer to Perry County the trial of Willie (Bob) Brown on a charge of first degree murder for the fatal shooting of another Negro. The trial started today.

Brown's attorneys contended that he could not get a fair trial in this county because he is the father of a Minijean Brown, Minijean is one of the Negroes students who attended Central High School in the 1957-58 school term under protection of federal troops. Brown was expelled and now attends school in New York.

The motion for a change of venue was resisted by Prosecutor Philip Holt.

Brown is accused in the fatal shooting of Elmer Isaac in the front of a Negro club here last June 22.

At the time of the shooting of Isaac, Brown reportedly challenged the why Isaac had handled a gambling game at the club.

Brown, carrying a .45 caliber pistol and Isaac at the entrance of the club and warned Isaac not to draw his pistol.

Brown said Isaac, an employee of the club, ignored the warning. After firing three times, Brown drove away and a patrolman who overheard the shots pursued him and took him into custody.

A loaded pistol was found beneath Isaac's body.

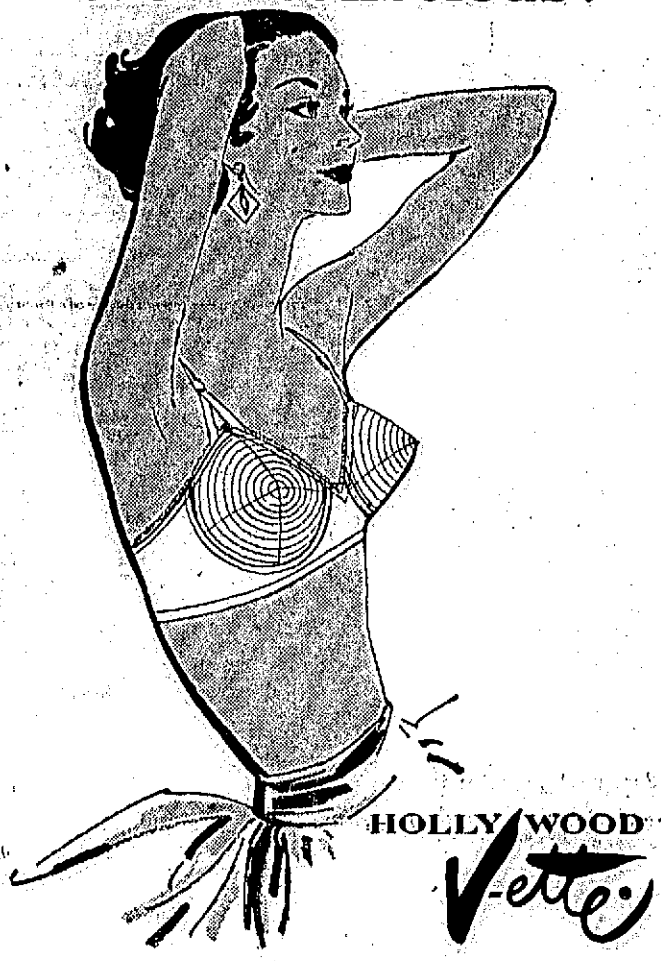

cord bore out a report just released by the State Police, rating February as one of the safer driving months.

Graham Opens Meet in Australia

MELBOURNE, Australia (AP) — A two-mile-long queue waited up to four hours to attend evangelist Billy Graham's opening meeting Sunday of a 10-week Australian campaign. But thousands had to be turned away when Melbourne's biggest indoor stadium, which holds 8,000, was packed to capacity.

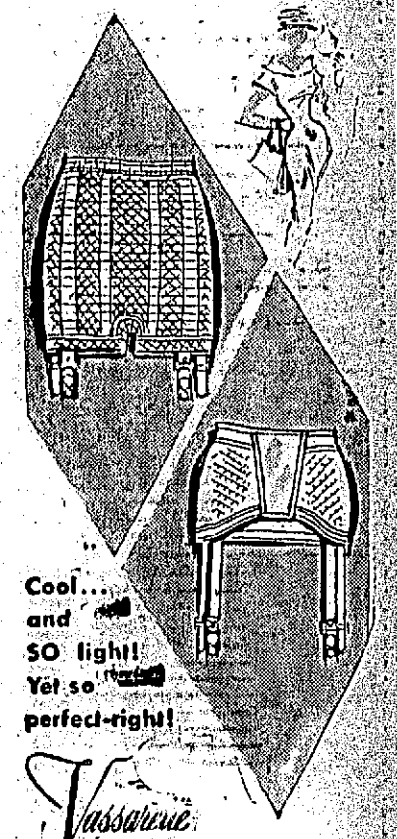

On Tuesday, Graham's meeting will be filmed for a one-hour presentation on American and Canadian television networks.

North Carolina in First Spot; Kentucky 3rd

By BEN OLAN
Associated Press Sports Writer

North Carolina's Tar Heels have taken the lead in the Associated Press weekly college basketball poll followed closely by Auburn and Kentucky.

But something's gotta give before the sports writers and broadcasters do to the polls again.

North Carolina, with 16 victories in 17 games, took over the top spot from Kentucky, upset by Mississippi State 66-58. Kentucky dropped to third place. Unbeaten Auburn moved into the runner up position.

North Carolina goes up against tough North Carolina State Wednesday night and improving Maryland Saturday.

Kentucky will attempt to break Auburn's 30-game winning streak in Saturday's Wilkes-Sale game at Vanderbilt Wednesday night.

In the latest balloting, North Carolina was named first on 38 of 113 ballots cast. The Tar Heels received 871 points.

The top 10 teams, with first place votes in parentheses (points 10-10.8, etc. basis):
1. North Carolina (38) 871
2. Auburn (20) 822
3. Kentucky (15) 779
4. Kansas State (14) 711
5. Mississippi State (12) 613
6. Ohio State (11) 568
7. Illinois (10) 568
8. St. Louis (9) 469
9. Michigan State (8) 469
10. Bradley 189

Other teams: West Virginia (2) 159, Seattle (7) 137, St. Bonaventure (2) 67, California 65, Texas Christian 50, Utah 47, Oklahoma City 45, Indiana 44, Purdue 39.

To Experiment With 'Frozen' Space Men

By RALPH DIGHTON

LOS ANGELES (AP) — Experiments to determine if man can be frozen solid for years-long trips to other solar systems are under way at the University of California at Los Angeles.

Dr. John Lyman of UCLA's biotechnology laboratory plans to freeze mice and rats at first, but believes his findings can be used to turn humans into ice-like statues for ages long through space.

"The big problem is not getting man into space," Dr. Lyman said in an interview. "That will be done within a very few years. The problem is to keep him from becoming psychotic going insane under the unnatural conditions and confinement of space flight."

Giving man a natural environment—building space ships big enough to provide oxygen, food and social and recreational facilities—may be prohibitive in cost, Dr. Lyman believes.

The best answer, he said, is frozen sleep. The voyager would not need food, oxygen or companionship. His ship would be operated by electronic brains and he would be revived by an automatic warming process as he neared his destination.

Within two weeks, Dr. Lyman and his associates will begin dunking mice in dry ice and alcohol baths to reduce their temperatures to as low as 100 degrees below Fahrenheit.

"What we want to do is stop the life processes completely, then resume them at will," Dr. Lyman said.

"If we can do this with man, he will arrive at a distant star—perhaps might take him several normal lifetimes to reach—not one day older than he was when he left earth."

Another frozen sleep would bring the space traveler, home years or even centuries after his departure, said Dr. Lyman, and he would have aged only for the period between frozen sleeps.

Shoots Walk Away at Tulsa 62-45

TULSA, Okla. (AP)—The University of Arkansas Shoots walked away from the Tulsa University freshmen in taking a 62-45 basketball victory here last night.

Alan Morrison led Shoots scoring with 19 points and, Jim Bellar paced the losers with 12.

Arkansas now has a 9-1 record with two games left to play.

Bradley and St. Louis Aid Cincinnati

By DON WEISS
Associated Press Sports Writer

Thanks to the chopping block job Bradley and St. Louis have done on each other, Oscar Robertson—the player everybody wants to see—seems headed back to the NCAA basketball tournament again this year.

The Big O and the Cincinnati Bearcats just about wrapped up the Missouri Valley Conference title and an NCAA berth Monday night without turning a finger. While they were idle, Bradley dragged challenger St. Louis into a second-place tie behind Cincinnati with a revenge 72-65 whipping at Peoria, Ill. Only last week, St. Louis and spilled Bradley at St. Louis.

Although Cincinnati has a game left with each team among six remaining conference tests, the Bearcats and the fabulous Oscar ought to be hard to catch now with an 8-0 slate compared to 7-2 for St. Louis and Bradley.

It was a big Monday night all around for the NCAA as national powers like Kansas State and Michigan State moved closer to making conference titles and automatic tournament bids. Kansas State (20-1) made it 10-0 in the Big Eight as Bob Boozer clicked for 21 points in a 75-55 victory over Oklahoma. Michigan State (14-3) opened its Big Ten lead to two games in a 71-68 squeaker at Northwestern.

In other features, Auburn rolled over Tulane 79-55 for its 30th straight, Bailey Howell's 33 points led Mississippi State (21-1) over Georgia 75-56, and Oklahoma City (18-4) celebrated its M.I.T. berth announced earlier in the day with a 98-84 victory over Florida State.

West Virginia, using its regulars only half the time, buried Virginia Military 95-55 for its 46th straight. Southern Conference victory.

Notre Dame, hopeful of an "at large" berth in the NCAA competition, slipped a peg in prestige when Butler scored a 92-89 surprise in triple overtime. Connecticut blew a chance to clinch at least a tie for its 11th Yankee Conference title in 12 years, losing 80-79 to Massachusetts in overtime. Western Kentucky, another tournament hopeful, had a field day against Xavier's defending National Invitation Tournament champs, 94-67.

In the Pacific Coast Conference Washington crept within a half game of California's pacemakers by cuffing Southern California, 76-65.

Believes his findings can be used to turn humans into ice-like statues for ages long through space.

"The big problem is not getting man into space," Dr. Lyman said in an interview. "That will be done within a very few years. The problem is to keep him from becoming psychotic going insane under the unnatural conditions and confinement of space flight."

Giving man a natural environment—building space ships big enough to provide oxygen, food and social and recreational facilities—may be prohibitive in cost, Dr. Lyman believes.

Three Teams Advance in 7b-W Playoff

District 7B-W Senior girls basketball tournament opened last night in the Murrellsboro gym.

Blevins senior girls took a 3-0 forfeit from Laneyburg. Delight edged Langley 46-35 and Stamps defeated Spring Hill 44-30.

Rogers scored 20 and Burke 11 for Stamps. Sherry Collins led Spring Hill with 12. Linda Galloway hit 11 and Sue Harvel 7.

Tonight at 6 Kirby plays Garland, Foreman takes on Dierks at 7. Glenwood and Okolona tangle at 8 and Blevins vies with Murrellsboro at 9.

Spring Hill senior boys will entertain Lewisville tonight at 7 in the Spring Hill gym.

Demos to Try to Help Ike Balance Budget

By JACK BELL

WASHINGTON, Jan. 17—Congressional Democratic leaders apparently are planning to help President Eisenhower try to balance the budget despite their contention he is playing 1960 politics "in this field."

Senate Democratic Leader Lyndon B. Johnson of Texas has urged colleagues on the Senate Appropriations Committee to prune deeply into the regular money bills.

Johnson also has asked for early hearings on Eisenhower's request for a \$1,375,000,000 contribution to the International Monetary Fund and an increase of \$3,175,000,000 in obligatory authority for capital in the world bank. He made it clear he has no intention of leaving action on this measure until after June 30.

Any such delay would unbalance the 77-billion-dollar budget Eisenhower has outlined for the year beginning July 1. It would add the \$1,375,000,000 monetary fund outlay to expenditures then instead of in the current fiscal year, for which it is budgeted as part of a deficit of nearly 13 billion dollars. The World Bank fund is not to be spent and would not affect the budget balance.

Johnson is reported to have agreed with his party's House leaders that while the Democrats may increase defense, housing, airport, and some other outlays, they will try to cut back Eisenhower's requests in other fields.

Their economy drive apparently was aimed at making it impossible for Eisenhower and the Republicans to blame the Democrats "if the budget is not balanced."

Sen. A. S. Mike Monroney (D-Okla.) told the Senate Monday Eisenhower is asking for speedy action on the monetary fund proposal and other requests in an effort to "dump all of these things into this year's deficit."

Johnson said he supposed that if the Democrats support these requests "we will have to defend ourselves from the spokesmen of the administration for doing what the President requests."

Sen. Everett Dirksen (R-Ill.), the Senate GOP leader, said the Democratic-controlled Congress has acted to drain the Treasury of \$3,788,000,000 more than Eisenhower had anticipated largely through what he called back door spending authorizations not carried in regular money bills.

Johnson replied that none of the money could have been spent if the President hadn't approved. He added that Dirksen often was "in there elbowing me out to get in that back door."

WILD SUMMIT

XXXII.

Klint Hyatt nodded, as though something he had wanted to be absolutely sure of was now confirmed. He probed on swiftly. "Lucas was killed by your order, Bricky?"

"No, not mine. I was taken over, myself. From the Bastians, Meade and Duke."

"Ah," Hyatt murmured. "Then it isn't—Duke Royale. Its Duke Bastian?"

Rand nodded. "Twins, then. Two. Only their eyes are different. Like sports in a litter."

"I've wondered about that, admitted Hyatt. "They own part of the land and cattle combine?"

"They own all of it. They are the combine," Rand mumbled.

"They knew there'd been bad blood between Lucas and Yeager and they figured to get two birds with one shot. Lucas owned the burnt Corral range, and with him dead, that would be easy taking and with Yeager put over the road, the killing—well—there you have it."

"Yeah," Hyatt murmured sidelongly. "Don't we, though?"

"I opened up—I gave you the truth, Hyatt. Don't that earn me a break?"

Across a shoulder, Hyatt considered him. "I don't know, Bricky. You'll just have to take your chances. I'm not promising you a thing."

Hyatt left, then, returning to the hotel bar, where Bill Spelle was tidying up the bottle shelf.

"Well," demanded the hotel owner, "what do you think?"

"Why, said Hyatt slowly, "mainly I think that by and large, man has a long way to go before becoming as noble as he likes to consider himself."

Bill Spelle blinked. "Now that's a queer answer."

"Isn't it, though?" agreed Hyatt. "But in a lot of ways, it's a queer world. Good night, Bill, and thanks!" He stepped out into the night.

He went along to the Golden Horn and turned in there, seeking. Except for a lone bartender killing time over a hand of solitaire, the place was deserted. Of this individual, Hyatt asked: "Ollie Ladd been around this evening?"

"He's been out at combine headquarters nursing his wounds."

"Wounds? What do you mean?"

The bartender straightened, whipped the cards together and began another shuffle.

"Had you been in here right around noon today, you'd know what I mean. Burke Benedict comes in to knock Ollie west and smothered. He sure made a good dog out of him. Me, I never figured Burke Benedict as being that tough. He's always been such a quiet mind—his own business sort. About Ollie—you want to leave a message for him, in case he should show up?"

No," said Hyatt slowly, shaking his head as he turned to

agreed with his party's House leaders that while the Democrats may increase defense, housing, airport, and some other outlays, they will try to cut back Eisenhower's requests in other fields.

Their economy drive apparently was aimed at making it impossible for Eisenhower and the Republicans to blame the Democrats "if the budget is not balanced."

Sen. A. S. Mike Monroney (D-Okla.) told the Senate Monday Eisenhower is asking for speedy action on the monetary fund proposal and other requests in an effort to "dump all of these things into this year's deficit."

Johnson said he supposed that if the Democrats support these requests "we will have to defend ourselves from the spokesmen of the administration for doing what the President requests."

Sen. Everett Dirksen (R-Ill.), the Senate GOP leader, said the Democratic-controlled Congress has acted to drain the Treasury of \$3,788,000,000 more than Eisenhower had anticipated largely through what he called back door spending authorizations not carried in regular money bills.

Johnson replied that none of the money could have been spent if the President hadn't approved. He added that Dirksen often was "in there elbowing me out to get in that back door."

The House saw one of its controversies ended when Rep. Gordon P. Oates of Pulaski County withdrew her bill to permit the teaching of the theory of evolution in Arkansas schools. Mrs. Oates said she had been besieged by hundreds of calls since offering the bill.

Mrs. Oates added that she thought students should be permitted to study both sides of an issue and decide for themselves what is true, "but it now appears a majority of the people in my county do not wish to grant this academic freedom."

The teaching of evolution is prohibited by an Arkansas law enacted in 1928.

The House also voted to repeal a 1957 act which authorized court review of certain criminal cases. Rep. L. Weems Trussell of Dallas County said the law has caused undue delay and has permitted some convicted criminals to escape punishment for extended periods of time.

One new offering during the day was a bill by Rep. George Staggs of Monroe County to require newspapers to give equal space for persons who feel they have been misquoted. The bill would require that a response must be printed within three days after a newspaper receives written notice, and sets up penalties for publishers who refuse to comply.

Rep. Milton Willis of Crawford County, to whose committee the bill was referred, said: "It could die right in committee for all I care. He is a newspaperman."

The Senate wrangled briefly, then defeated a proposal by the Legislative Council to hire an efficiency expert to survey state jobs.

Sen. Ellis M. Fagan of Little Rock, opposing the idea, asked: "How long do you think such a man would stay honest? How long would it be before he would throw in with the bloodsuckers?"

Sen. Tom Allen of Brinkley, backing the bill, nodded in agreement and the vote was taken.

The bill, after being amended, can be called up for reconsideration later.

U-American Group Cite Red Lawyers

WASHINGTON (AP) — The House Committee on Un-American Activities says a group of Communist lawyers rank high in a Communist fifth column active in America.

The committee made it clear it sought to focus attention upon a very small minority within the legal profession. It said the activities of the small minority should not be permitted to cast discredit on the overwhelming majority of patriotic attorneys.

The House group issued a report Sunday entitled "Communist Legal Subversion." The report contained information which the committee said had been obtained in the course of investigations into broader aspects of communism.

Bill to Lift Restrictions on Electors

LITTLE ROCK (AP) — The Arkansas Legislature moved yesterday to rid the states presidential elections from any voting restrictions and called for broad action from the state Highway Commission on its financial situation.

The presidential electors' bill, approved 35-0 by the House, frees such electors from any obligation to vote for a particular candidate.

WHAT A CLAIM!—D.E. Jones of Goshiana, Tex., a \$50-a-week gas station attendant, claims he found 2 1/2 million dollars in gold in an east Texas wood. Secret Service agents have ordered Jones to produce the 86 bars he says he found in a berry patch near Alto. Jones says he's tried to find "somebody to give it to."

PERFECT PET—Resting on his master's forehead, tiger swallowtail butterfly proves the perfect pet for Denny Collier, C. of Yakima, Wash. It's neat, quiet and thoroughly domesticated. Denny raised it from a caterpillar he found last fall.

SECRETARY—Mirza Osman Ali Baig of Pakistan is the new secretary of the Baghdad Pact Council holding its sixth meeting in Karachi, Pakistan's capital. He replaced Awini Khalid of Iraq, whose nation has boycotted the pact since the overthrow of its government.

RONY TALE—Horse's tail, hanging from a silver ball, marks a barbershop in Zurich, Switzerland. Barbers in this part of Europe commonly used these tails a century ago, but the sight is uncommon today.

North Carolina in First Spot; Kentucky 3rd

By BEN OLAN
Associated Press Sports Writer

North Carolina Tar Heels have taken the lead in the Associated Press weekly college basketball poll followed closely by Auburn and Kentucky.

But something's gotta give before the sports writers and broadcasters go to the polls again.

North Carolina, with 10 victories in 17 games, took over the top spot from Kentucky, upset by Mississippi State 66-58. Kentucky dropped to third place. Unbeaten Auburn moved into the runner up position.

North Carolina goes up against tough North Carolina State Wednesday night and improving Maryland Saturday.

Kentucky will attempt to break Auburn's 36-game winning streak on Saturday. The Wildcats take on Vanderbilt Wednesday night.

In the latest balloting, North Carolina was named first on 38 of 113 ballots cast. The Tar Heels received 871 points.

The top 10 teams, with first place votes in parentheses (points):

1. North Carolina (38) 871

2. Auburn (20) 622

3. Kentucky (15) 592

4. Kansas State (14) 511

5. Mississippi State (12) 513

6. (tie) Cincinnati (4) 569

7. North Carolina State 569

8. St. Louis (5) 468

9. Michigan State (1) 205

10. Bradley 100

Second ten: West Virginia (2) 159

Seattle 76; Marquette 73; St. Bonaventure (2) 67; California 65;

Texas Christian 50; Utah 47; Oklahoma City 45; Indiana 44; Purdue 39.

Fights Last Night

To Experiment With 'Frozen' Space Men

By RALPH DIGHTON

LOS ANGELES (AP) — Experiments to determine if man can be frozen solid for years-long trips to other solar systems are under way, at the University of California, at Los Angeles.

Dr. John Lyman of UCLA's biotechnology laboratory plans to freeze mice and rats at first, but believes his findings can be used to turn humans into ice-like statues for ageless trip through space.

"The big problem is not getting man into space," Dr. Lyman said in an interview. "That will be done within a very few years. The problem is, to keep him from becoming psychotic—going insane—under the unnatural conditions and confinement of space flight."

Giving man a natural environment—building space ships big enough to provide oxygen, food and social and recreational facilities—may be prohibitive in cost, Dr. Lyman believes.

The best answer, he said, is frozen sleep. The voyager would not need food, oxygen or companionship. His ship would be operated by electronic brains and he would be revived by an automatic warming process as he neared his destination.

Within two weeks, Dr. Lyman and his associates will begin dunking mice in dry ice and alcohol baths to reduce their temperatures to as low as 100 degrees below Fahrenheit.

"What we want to do is stop the life processes completely, then resume them at will," Dr. Lyman said.

"If we can do this with man, he will arrive at a distant star—where normal life takes him several days or weeks to reach—not one day later than he was when he left earth."

Another frozen sleep would bring the space traveler, home years or even centuries after his departure, said Dr. Lyman, and he would have aged only for the period between frozen sleeps.

Shoots Walk Away at Tulsa 62-45

TULSA, Okla. (AP)—The University of Arkansas Shoots walked away from the Tulsa University freshmen in taking a 62-45 basketball victory here last night.

Alan Morrison led Shoots scoring with 19 points and, Jim Bellier paced the losers with 12.

Arkansas now has a 9-1 record with two games left to play.

Bradley and St. Louis Aid Cincinnati

By DON WEISS
Associated Press Sports Writer

Thanks to the chopping block job Bradley and St. Louis have done on each other, Oscar Robertson—the player everybody wants to see—seems headed back to the NCAA basketball tournament again this year.

The Big O and the Cincinnati Bearcats just about wrapped up the Missouri Valley Conference title and an NCAA berth Monday night without turning a finger. While they were idle, Bradley dragged challenger St. Louis into a second-place tie behind Cincinnati with a revenge 72-65 whipping at Peoria, Ill. Only last week, St. Louis and spilled Bradley at St. Louis 64-67.

Although Cincinnati has a game left with each team among its remaining conference tests, the Bearcats and the fabulous Oscar ought to be hard to catch now with an 8-0 slate compared to 7-2 for St. Louis and Bradley.

It was a big Monday night all around for the NCAA as national powers like Kansas State and Michigan State moved closer to nailing conference titles and automatic tournament bids. Kansas State (20-1) made it 10-0 in the Big Eight as Bob Boozer clicked for 21 points in a 75-55 victory over Oklahoma. Michigan State (14-3) opened its Big Ten lead to two games in a 71-68 squeaker at Northwestern.

In other features, Auburn rolled over Tulane 79-66 for its 30th straight victory. The 33 points of George J. Gentry and Oklahoma City (18-4) celebrated its NIT berth announced earlier in the day with a 90-84 victory over Florida State.

West Virginia, using its regulars only half the time, buried Virginia Military 95-55 for its 46th straight Southern Conference victory.

Notre Dame, hopeful of an "at large" berth in the NCAA competition, slipped a peg in prestige when Butler scored a 92-89 surprise in triple overtime. Connecticut blew a chance to clinch at least a tie for its 11th Yankee Conference title in 12 years, losing 80-79 to Massachusetts in overtime. Western Kentucky, another tournament hopeful, had a field day against Xavier's defending National Invitation Tournament champs 84-67.

In the Pacific Coast Conference Washington crept within a half game of California's pacemakers by cuffing Southern California, 76-65.

believes his findings can be used to turn humans into ice-like statues for ageless trip through space.

"The big problem is not getting man into space," Dr. Lyman said in an interview. "That will be done within a very few years. The problem is, to keep him from becoming psychotic—going insane—under the unnatural conditions and confinement of space flight."

Three Teams Advance in 7b-W Playoff

District 7b-W Senior girls basketball tournament opened last night in the Murretsboro gym.

Elvins senior girls took a 2-0 lead from Lansburg. Delight edged Langley 46-35 and Stamps defeated Spring Hill 44-30.

Rogers scored 20 and Burke 11 for Stamps. Sherry Collins led Spring Hill with 12. Linda Galloway hit 11 and Sue Harvel 7.

Tonight at 6 Kirby plays Garland, Foreman takes on Dierks at 7. Glenwood and Okolona tangle at 8 and Elvins vies with Murretsboro at 9.

Spring Hill senior boys will entertain Lewisville tonight at 7 in the Spring Hill gym.

Demos to Try to Help Ike Balance Budget

By JACK BELL

WASHINGTON (AP)—Congressional Democratic leaders apparently are planning to help President Eisenhower try to balance the budget despite their contention he is playing 1980 politics "in this field."

Senate Democratic Leader Lyndon B. Johnson of Texas has urged colleagues on the Senate Appropriations Committee to prune deeply into the regular money bills.

Johnson also has asked for early hearings on Eisenhower's request for a \$1,375,000,000 contribution to the International Monetary Fund and an increase of \$3,175,000,000 in the world bank. He made it clear he has no intention of delaying action on this measure until after June 30.

Any such delay would unbalance the 77-billion-dollar budget year beginning July 1. It would add the \$1,375,000,000 monetary fund outlay to expenditures then, instead of in the current fiscal year, for which it is budgeted as part of a deficit of nearly 13 billion dollars. The World Bank fund is not to be spent and would not affect the budget balance.

Johnson is reported to have agreed with his party's House leaders that while the Democrats may increase defense, housing, airport and some other outlays, they will try to cut back Eisenhower's requests in other fields.

Their economy drive apparently was aimed at making it impossible for Eisenhower and the Republicans to blame the Democrats if the budget is not balanced.

Sen. A. S. Mike Monroney (D-Okla.) told the Senate Monday Eisenhower is asking for speedy action on the monetary fund proposal and other requests in an effort to "dump all of these things into this year's deficit."

Johnson said he supposed that if the Democrats support these requests "We will have to defend ourselves from the spokesmen of the administration for doing what the President requests."

Sen. Everett Dirksen (R-Ill.), the Senate GOP leader, said the previous Democratic-controlled Congress had acted to drain the Treasury of \$3,788,000,000 more than Eisenhower had anticipated, largely through what he called back door spending authorizations not carried in regular money bills.

Johnson replied that none of the President hadn't approved. He added that Dirksen often was "in there elbowing the out to get in that back door."

They came in at the Long-B headquarters as the remnants of last night's storm were breaking and fleeing before the push of a wind that had lessened to a brisk breeze and had swung around so that now it came from the west across the Redstone Hills. Along the crest of the Seminole, through gaps in the fast thinning clouds, morning's sun shot long golden lanes of light, and where these touched the prairie it glinted, clean washed and stirring with a fresh vitality.

In the lead, Alec Trezevant rode, his left leg straight and the boot solid in the stirrup. But his wounded right leg, deep padded in a blanket that was wrapped around and around, was a thick, loose hanging bundle. At his left hand rode his daughter, Anita, ready to offer a supporting arm should her father show signs of weakening in the saddle. But though his face was fine drawn to death's grin, with his eyes pinched down, his legs a thin, set line, and his shoulders hunched, he sat steady in the saddle.

Ten yards back came Gil Yeager, and behind him, in a shroud of tarpaulin and face down across the saddle of a lead horse, Jed Mims rode. The bitterest task Gil Yeager had known in all his life had been single-handedly retreating Jed's body loaded across that saddle. The effect of it still held him and his face was drained and stoic.

As they splashed through the brown, fast running water of the ditch at the head of the lane and moved on a grassy interval, Sam Reeves and Burke Benedict showed simultaneously. Burke hurrying from the ranchhouse. Sam coming from the bunkhouse. As these two came up, Yeager explained harshly.

"The combine hit us early this morning. We managed to fight them off, but not until they left their mark. They killed Jed Mims and put a slug through Alec's leg. I couldn't leave Alec and Anita there alone, so I brought them here. I told them they'd be well come. Burke. Are they?"

"Of course," assured Burke swiftly. "Always."

He was looking at Anita Trezevant as he spoke and a little flutter of emotion ran up the soft line of her throat, while a something great and wonderful shone in her eyes.

Switching his glance to Alec, Burke said: "Well put you in Uncle Dave's old room. You'll be handy for looking after there."

"I don't want to be any body else," growled Alec. "The bunkhouse is good enough for me."

"You," said Burke, voice gruff with a mock sternness, "will go where I say and do as I say. I got you out of that saddle."

WASHINGTON (AP)—The House Committee on Un-American Activities says a group of Communist lawyers rank high in a Communist fifth column active in America.

The committee made it clear it sought to focus attention upon a very small minority within the legal profession. It said the activities of the small minority should not be permitted to cast discredit on the overwhelming majority of patriotic attorneys.

The House group issued a report Sunday entitled "Communist Legal Subversion." The report contained information which the committee said had been obtained in the course of investigations into broader aspects of communism.

Bill to Lift Restrictions on Electors

LITTLE ROCK (AP) — The Arkansas Legislature moved yesterday to lift the states' presidential electors from any voting restrictions and called for a broad data from the state Highway Commission on its financial situation.

The presidential electors' bill, approved 55 by the House, lifts such elections from any obligation to vote for a particular candidate.

Rep. Glenn Whitner of Pulaski County, one of the authors, said the bill a powerful weapon in the fight for states' rights.

The bill repeals a 1953 statute which placed the names of presidential candidates on the ballot the first time. Under the new procedure, only the names of the electors would appear on the ballot and Whitner said this would leave the electors free to bargain among presidential candidates and throw their support to those willing to make concessions to the South's position.

"With this law in effect, we can make both parties sit up and take notice of the South," Whitner told the House.

The request for data from the Highway Commission originated in the Senate which approved a resolution submitting 13 specific questions to the Commission. The Senate asked for answers by Friday.

The commission, in quest of new revenues to match federal funds, has proposed increases in both the gasoline tax and auto and truck license fees. The senators apparently requested the detailed financial data to help them decide on these bills.

The Senate saw a new move launched to break the deadlock on the general appropriations bill. This is the bill that provides funds for the states' constitutional officers and both the House and Senate have refused to approve earlier versions.

Sen. Robert Harvey of Swifton brought in a new proposal which he said reduces appropriations for nearly all of the agencies involved. The general appropriations bill must be passed and approved by the governor before any other budget bills can become law. This has created a minor logjam in the legislature and

WHAT A CLAIM!—D. E. Jones of Corsicana, Tex., a 35-year-old gas station attendant, claims he found 2 1/2 million dollars in gold in an east Texas wood. Secret Service agents have ordered Jones to produce the 86 bars, he says he found in a berry patch near Alto. Jones says he's tried to find "somebody to give it to."

PERFECT PET—Resting on his master's forehead, tiger swallowtail butterfly proves the perfect pet for Denny Collier, 35, of Yakima, Wash. It's neat, quiet and thoroughly domesticated. Denny raised it from a caterpillar he found last fall.

SECRETARY—Mirza Osman Ali Baig of Pakistan is the new secretary of the Baghdad Pact Council holding its sixth meeting in Karachi, Pakistan's capital. He replaced Awni Khaldy of Iraq, whose nation has boycotted the pact since the overthrow of its government.

PONY TAIL—Horse's tail, hanging from a silver ball, marks a barbershop in Zurich, Switzerland. Barbers in this part of Europe commonly used these tails a century ago, but the sight is uncommon today.
